Clays for Facial Treatments

Clays that Cleanse, Refresh and Renew the skin

Green Clay is great to use for Acne prone skin, also good for Large Pores and Blackheads. Green Clay tones the skin and draws out toxins and impurities from the skin, also softening rough skin. Green Clay Exfoliates dead skin cells.

Australian Pink Clay for Stressed and Sensitive Skin, absorbs toxins and clogged oils from the skin, and is very suitable for dry skin. Pink Clay, having a balanced blend of iron oxide, silica and trace minerals, assists to regenerate connective tissues and improves skin elasticity.

Red Clay has a high content of iron and essential minerals which help replenish and regenerate the outer layer of the skin. Red Clay can create a softened and conditioned skin with a healthy glow. Red Clay can also be used as a hair colour.

New Australian Yellow Clay

Yellow Clay is a cleansing exfoliant for the Skin, is soft in texture, safe on Dry, sensitive and normal skin. Yellow Clay also protects against formation of radical cells of aging.

White Clay is the mildest of all Clays. White Clay can be used on sensitive skin or dry skin, as it does not draw out oil from the skin. White Clay exfoliates dead skin, plus helps boost circulation. White Clay refines large pores and has Anti Aging Benefits with continued usage.

All Simply Natural Australian Clays contain NO Fillers , Colours or Petro Chemical products.
